

Biffa

A PICTORIAL HISTORY OF BIFFA WASTE SERVICES DRY AND LIQUID WASTE COLLECTION VEHICLES

By Mr. Timothy Byrne B.Sc. (Wastes Management),
MCIWM, ISWA IWM.

Biffa

Independently written and compiled by Mr. Timothy Byrne B.Sc. (Wastes Management), MCIWM, ISWA IWM, an International Waste Management consultant who specialises in waste collection and waste transfer operations.

This book covers the development of Biffa's fleet of dry and liquid waste collection vehicles from the late 1970's to the 2000's. It contains the key acquisitions made by Biffa of UK waste management companies. Mr. Richard Biffa (Junior), who was instrumental in Biffa's national strategic growth, was one of the founding members of the National Association of Waste Disposal Contractors (NAWDC) when the organisation was set up in the late 1960's.

The ownership of Biffa by British Electronic Traction (BET), the development of Biffa's Belgian subsidiary and later on the acquisition of Biffa by Severn Trent Water plc are also covered. It shows how Biffa became the UK's leading waste management company, providing sustainable waste management solutions for both its commercial and public sector clients.

For more information on the book and how to purchase it, please contact Timothy Byrne on garbage32@hotmail.co.uk or 07545616110.
